Bradstreet Reports the Condition of Trade Unfavorable.

The Tariff Delay Has a Stifling Effect.

WANT OF FUEL FELT.

Many Factories Closed Because of the Coal Strike.

NEW YORK, June 2.—Bradstreet's says: "The decidedly unfavorable condition of general trade reported last week continues without material improvement. Continued delay of tariff legislation prolongs the stifling effect on wholesale business. The great coal strike continues without sign of early improvement, no concession having been made by either side. More mills, factories and furnaces have closed their doors for want of fuel. The pig iron industry of the Central Western states is practically at a standstill, for want of soft coal or coke. At Pittsburgh and vicinity the scarcity of fuel has greatly stagnated business. There are no new labor strikes, but almost all of those previously reported are in existence. Needed rains throughout Nebraska have improved that state's corn prospects. At most Western cities there has been no change from the depression of last week.

"The price movement in various staples continues the record of last week and week before, with concessions in quotations for wool, cotton goods, cattle, wheat, pork and coffee, and moderate advances for oats and lard. Steel billets, bituminous and anthracite coal, and bessemer pig advanced owing to scarcity of fuel.

There are 133 mercantile failures reported through the United States this week against 237 last year, 214 in the week a year ago, 163 two years ago, and 233 three years ago.

Clearing House Returns.

GREAT FLOODS IN OREGON

Immense Stretches of Country are Under Water. Resulting in Untold Damage.

PORTLAND, Ore., June 2.—The flood in the Columbia continues to increase, and the indications are that the worst is yet to come. Yesterday the Upper Columbia at several points was at a standstill, but reports to-day show that the river is again rising about one foot in twenty-four hours. The river is more than a foot higher than ever before known, and the damage will be immense.

The fertile bottom lands along the river from the Rocky mountains to the sea, a distance of 600 miles, are all inundated. Crops are ruined, houses washed away and stock drowned. The flood has come gradually which has given residents an opportunity to move household goods to places of safety, and in most instances stock has been driven to higher ground. The salmon cannery business has been almost annihilated. Fish and cannery establishments along the river for a distance of 200 miles are under water.

It is estimated by cannery men that the loss will reach \$100,000. Telegraphic communication to the north and east is cut off, except by a roundabout way.

SCORED BRECKINRIDGE.

A Large Mass Meeting at Versailles, Ky., Demands His Withdrawal.

VERSAILES, Ky., June 2.—A large mass meeting was held here yesterday to protest against the candidacy of Colonel W. C. Breckinridge for congress, 200 ladies being present. A. J. Alexander, the noted horse-breeder, was chairman. Speeches condemning Breckinridge were made by Professor J. W. McGarvey, J. W. Kinkead and Rev. J. R. Deeling. The audience cheered almost continuously.

The following was adopted: "Whereas, The representatives of this district in congress have covered himself with disgrace, and the people whose servant he is with unbecoming and very bad conduct, and by his incontinence, by lying and deceit, by the violation and disregard of every duty that human being is bound to observe, and by his unbecoming and disgraceful conduct, as has made him the wonder and scorn of the whole world; and

Whereas, The matter in all of its phases possesses distinct and vital importance, which place it almost alone and unparalleled in the record of human depravity in our country, striking at the very foundation of social order and life, and moving at the purity of our women and the sacredness of our homes, rendering the author of these crimes a public enemy, therefore we pledge ourselves to use every honorable means to prevent the renomination of W. C. Breckinridge to congress, and to our Demo-Party friends by the honor of the district and in the name of God to rise in their might and protest against the election of this man.

Resolutions which followed demand Breckinridge's withdrawal.

AMENDING THEIR CHARTER

List of Amendments Proposed for the Farmers' Alliance.

WASHINGTON, June 2.—A list of the amendments to the charter of the National Farmers' Alliance and industrial union was filed in the recorder's office here yesterday. The amendments provide for a farmer's exchange to prevent the prices of American grown cereals being "dictated" by dealers at Liverpool, England, the formation of fire and lightning insurance companies among members of the alliance, the establishment of the national alliance aid "for sick and improvident members;" a life insurance society for the members, and to devise ways and means to protect and benefit agricultural and industrial labor. The list was presented by Marion Butler, chairman of the executive committee.

GREAT LOSS OF GOLD.

During May the Gold Reserve Was Depleted to the Extent of \$26,000,000.

WASHINGTON, June 2.—The monthly debt statement shows a net cash balance in the treasury of \$117,854,335, of which \$75,993,267 is in the gold reserve. Advances from New York show that \$1,400,000 in gold had been engaged for shipment yesterday which leaves the true amount of the gold reserve on May 31, \$77,293,267. Advances show that \$2,250,000 has been engaged for shipment to-day, which leaves the true gold reserve at the close of business at \$75,043,267. This is a loss of the gold reserve during the month of nearly \$26,000,000.

The debt statement shows the interest bearing debt on May 31 was \$635,041,840, an increase for the month of only \$460.

HAVE NO USE FOR TROOPS.

Indian Territory Citizens Will Endeavor to Have Soldiers Removed.

CADDO, I. T., June 2.—The citizens of Lehigh and Coal Gate held a mass meeting at Coal Gate last night and selected a committee of five to visit Governor Jones and learn if he had ordered United States troops here. Governor Jones told them that he had not authorized any one to use his name in ordering troops here nor had he reported any one as an intruder. An effort will be made to have the soldiers leave the territory, as their presence is not at all needed.

Maxim's Bullet-Proof Cuirass.

LONDON, June 2.—Maxim, the manufacturer of rapid-fire guns, gave an exhibition of the cuirass which he has invented in opposition to the bullet-proof coat of Herr Dowe. The exhibition took place at Erith, on the Thames, and proved a disappointment to the spectators. The Maxim cuirass apparently is only a thin sheet of steel, which the bullets failed to pierce and were shattered, pieces of the missiles flying in all directions.

New York Business Men Protest Against Income Tax.

Senator Hill Writes a Strong Letter Opposing It.

MEETING WAS SMALL.

The Protesters Disappointed by Having a Small Attendance.

NEW YORK, June 2.—The business men's meeting in Carnegie Music hall last evening to protest against the income tax feature of the proposed tariff bill was notable for the character of the audience, number and enthusiasm of those who attended. The call was signed by nearly 500 representatives of the largest business interests of the city. The platform was crowded with gentlemen influential in the business walks of life. Preparations had been made to accommodate the crowds that had been expected, speakers having been selected to address an overflow meeting should the hall prove of insufficient capacity.

It was something disappointing that the promoters waited for the crowds to come, and the speaking, which was to begin at 8 o'clock, was delayed half an hour. At that time the auditorium contained about 1,000 people.

Colonel William L. Strong, president of the Central National bank, called the meeting to order, and nominated for chairman, President Evan Thomas, of the Produce exchange, and for secretary, Edward O'Dwyer, of the Democratic club.

Senator Hill wrote: "I regret that official engagements will prevent acceptance of your courteous invitation to be present at the meeting of the business men on Friday to protest against the incorporation of an income tax feature into the tariff bill."

"I need hardly assure you that I am heartily in sympathy with the purpose of your meeting. An income tax feature has no proper, legitimate place in a tariff reform bill. It engenders and embarrasses an honest, equitable revision of our tariff laws, which was expected, if not desired, by the citizens of all parties.

"The unfortunate effort to incorporate it in the pending measure has delayed a speedy disposition of the tariff subject, and induced a surrender of nearly every correct and consistent principle upon which a tariff reform should be based.

"It is clear that it would not be adopted by congress if senators would vote according to their own conscientious convictions rather than in pursuance of a disker, and a contemptible compromise upon no principle, and tolerated only as a miserable makeshift or excuse only as a temporary expedient.

"I am opposed to compromise where questions of essential principles are involved.

"It is immaterial whether this scheme is popular or unpopular; or whether it taxes the many for the benefit of the few, or the few for the benefit of the many, it is equally indefensible, vicious and unreasonable.

"As a representative, a citizen and a partisan I have opposed this income tax fully from the start. I am opposing it now and shall continue my opposition to the end. I remain your fellow citizen, DAVID HILL."

Speeches were also made by President Waldo Smith, of the Wholesale Grocers' association, Professor T. Lewis, in behalf of the insurance companies; Lewis Wiadumiller, of the Reform club; Frederick Taylor, on behalf of the bankers and brokers of Wall street; Lawyer Stern, John P. Townsend, of the Bowery Savings bank; Chairman Evan Thomas and others, all in a vein of earnest opposition to the income tax. In addition to the resolution drawn up several days ago memorializing congress against the income tax of the pending tariff bill, the following was adopted:

"Resolved, That we call upon all the business associations and organizations of the several cities of the union to organize without delay, by mass meetings similar to our own, to voice the protest of the commercial community against the injury caused by the proposed income tax law."

Secretary O'Dwyer said he had letters and telegrams from business men and corporations all over the country.

NO CALL FOR TROOPS.

In Any Event Governor Waite Would Have to Make the Request.

WASHINGTON, June 2.—If the Colorado people rely upon the national government to use its military forces against the Cripple Creek strikers without application in due form from the governor or legislature, they will be sorely disappointed. Although no applications for federal intervention have yet come to the war department, they will be absolutely without result if they do come. The reason, as explained at the war department, is that there is no authority to be found in the law for federal action. The issues involved are regarded as purely state and not national in their present aspect.

The opinion prevails in the war department that, if Governor Waite violates the law, he can and will be restrained by the state judiciary, and they are looking for some such termination of the present difficulties.

This may be done by a restraining order, and has been intimated in private advices from Colorado, received here by very high officials, by proceeding in the court that, if successful, would result in the lieutenant governor succeeding to the chief office in the state.

Heart Would Stop Beating

They Said He Would Not Live a Year

Perfectly Cured—No Catarrh Now—Hood's Did It

Mr. James Wheeler

"C. I. Hood & Co., Lowell, Mass."

"Gentlemen: It gives me pleasure to certify to the efficacy of Hood's Sarsaparilla in the case of my father, who has suffered for years with

Heart Disease and Catarrh

in the head. The former grew worse every day, and especially at night time. When he would lie down a curious feeling would rise around his heart and his pulse would stop beating for seconds. He could breathe well, but all the air he could inhale did not seem to relieve him. He would have to get up out of bed and stir round until it wore off. We became alarmed, and our friends said he would not live a year. The family physician prescribed several remedies, but all to no avail. Finally a physician advised him to take Hood's Sarsaparilla. He did so, and before he had taken one bottle realized that it was helping him. He has taken over four bottles now, and is not bothered any more with heart spells. He can sleep sound as a baby. He does not have any more trouble with the catarrh, and

He is 53 years old, and can do as much work in a day as any man of his age, since using Hood's Sarsaparilla. You are at liberty to publish this
